DEMOCRATIC LANDSLIDE IS SHOWN BY VOTE

EXPENSIVE HUBBY AND PRETTY WIFE TO HAVE CAREER

Claim They Will Not Allow Married Life to Interfere With Plans of the Future

FORFEITS FORTUNE FOR SAKE OF LOVE

Mrs. Taylor Prepares to Get Acquainted With Her House Work

BOSTON.—A husband who cost just \$100,000 and a charming wife, who paid the price, are setting about the serious business of proving that marriage may not, necessarily, interfere with a career.

The expensive husband is Paul Taylor White, music composer, and his bride was Josephine Kray, daughter of Bohemian Kray of Chicago, famous director of the Kray band and millionaire art collector.

Marion Kray, another daughter, will have to pay the same price if she gets married before she is 30. But she says that wouldn't stop her if she has to face the same problem.

"Love," she says, "comes before art." Their father was bent on seeing that his daughters pursued an artistic career. He frowned on the suggestion of marriage, and promised his elder daughter \$100,000 if she remained single until she was 30. But she didn't wait, so the father passed on the prize to the younger girl.

"We are so happy here," said Mrs. White, when found helping her husband hang pictures in their small Back Bay apartment.

"Just as soon as the gas is turned on in this apartment I'm going to get acquainted with stoves and pots and pans and make myself a real wife—one who can make a happy home for a contented husband."

White smiled and ventured the opinion that a woman's wifely pursuits need not, necessarily, interfere with her career.

"Oh, I just know that Paul and I can do so much better when we can work together," his wife went on. "We may also enjoy our careers. We love each other, we are happy. We are temperamentally adapted to the same things. Why should our marriage interfere with our careers?"

Mrs. White explained that she met her prospective husband while both were studying under Yeasey in Cincinnati four years ago. They saw much of each other after that.

Doesn't Care for Money
"We were deeply in love with each other," she continued. "But father was furious. He wanted me for a great career and, because of this burning ambition of his, he would never allow us to entertain men in our house. He first offered me \$100,000 if I remained single until I was 25, and I thought he meant it. We waited, but the money did not come."

"Then, the first opportunity we had Paul came to Chicago, and 15 minutes after he arrived we were married."

"Oh, father and mother can't stay mad at us forever. Already I have received a nice letter from mother, but I haven't heard from father yet."

"I don't care for the money. Of course, it would have helped us in building our home, but we love each other and that is the greatest wealth. I would rather be Paul's wife than the wealthiest woman in the world."

FRAUD CHARGED IN VOTE COUNT

GOVERNOR BY 38,000 VOTES!

FORTY-EIGHT TO FACE TRIAL IN HERRIN AFFAIR

Thought Probable That None but Those Charged With Hoffman Death Will Be Tried

MARION, Ill.—The trials of persons indicted in connection with the Herrin mine killings last June began at 10 a. m. today in Williamson county circuit court, with the arraignment of 48 men charged with murder. Judge D. T. Hartwell, presiding, cautioned spectators, who overflowed the court room, that quiet must be maintained.

While no official concession has been made by the state's representatives, it is generally believed that not more than six will be placed on trial for the killing of Hoffman, while the other cases will probably be nolle prossed for lack of evidence. It is generally believed that only those against whom the state has been able to collect the most damaging evidence will be put on trial for the death of Hoffman.

The selection of the jury, it is expected, will require at least two weeks.

MAYFIELD-NEFF SWEEP TEXAS IN FINAL ELECTION

Democrats Make Hurricane Close in Races for Senator and Governor Reports Show

KLAN FIGURED IN POLITICAL FIGHT

Most Bitterly Contested Campaign in Lone Star History

DALLAS, TEXAS.—Earle B. Mayfield, democrat, overwhelmingly defeated George E. B. Paddy, republican, and independent democrat for United States senator in the general election yesterday. Mayfield's vote was 157,129 against 70,039 for Paddy. These figures were reported by 211 counties out of 251 and it was estimated accounted for at least half, if not more, of the total votes cast.

Governor Pat M. Neff was re-elected his majority over Wm. M. Atwell, republican from the 211 counties being 132,519. Governor Neff's vote was 142,309 and Mr. Atwell's 29,895.

The returns also indicated re-election of Harry Wurzbach of San Antonio, Texas, only republican congressman in the fourteenth district. His opponent was Harry Hetsberg. Congressman J. J. Mansfield, democrat of the ninth district, was re-elected despite the republican effort to defeat him. The latest returns gave Mansfield 2,772; W. W. Wilson republican, 1,271.

Bitter Campaign

Earle B. Mayfield's victory follows one of the most bitterly contested political disputes in the history of the lone star state. His avowed opponents started right after Mayfield's victory in the second democratic primary, a hectic campaign to keep his name off the ballot, charging erroneous expense returned. There followed a multitude of court proceedings, injunctions and appeals taking the leading roles. The proceedings included a ten day's trial at Corsicana when Mr. Mayfield admitted that he had been a member of the Ku Klux Klan but resigned before announcing for the senate. The affair cleared only last Monday afternoon, one day before the general election, when the state supreme court ruled in favor of Mayfield.

The "sisters," wearing gold caps and ties and carrying gold balloons, will also demonstrate the intricacies of the snake dance.

HILO, Island of Hawaii, T. H.—The great volcano of Kilauea, on this island which has been dormant temporarily following a sensational explosive eruption in March, 1921, has resumed activity, according to T. A. Jaggar, government volcanologist, whose observatory is at the brink of the volcano's abyss.

JAPANESE TAKE NO PROHIBITION CHANCE

TOKIO.—To the casual observer there would not appear to be any chance of Japan following the United States and going "dry" but the distillers of sake and brewers of beer, the latter now almost as much a national drink as the former, are taking no chances. A nationwide campaign has been inaugurated in which speakers from the colleges and universities dilute on the beneficial qualities of sake and beer. Dr. Suzuki, a well known chemist is delivering a series of lectures among the titles of which are "Evils of Hypocritical Propaganda"; "Sake after my Impressions of America"; and "Prohibition and Japan."

Cotton Report

WASHINGTON.—Cotton ginned prior to Nov. 1 amounted to 3,129,839 running bales, counting 143,958 round bales as half bales, and including 13,235 bales of American-Egyptian and 3,677 bales of sea island, the census bureau announced today.

Election Officials At Tahlequah Held After Vote Counted

TAHLEQUAH, Okla.—Warrants were issued today upon application of County Attorney Asbury Burkhead for the arrest of four democratic election inspectors charging them with fraud in yesterday's election. Republicans have appealed to the United States government authorities at Muskogee to immediately begin an investigation into the election.

E. S. Williams of Park Hill has been arrested on a charge of changing a ballot. It is alleged that he substituted a republican straight ticket for a democratic straight ticket.

The county attorney alleges that nine county ballots, marked for a straight democratic vote, were found in possession of Virgil Garner, 13, marked in a similar manner in possession of John Copeland of Moody, and 49 also marked straight democratic in possession of Joe Lee Smith at Hulbert, a republican stronghold. Twenty state tickets, marked for a straight democratic vote, are also alleged by the authorities to have been found in Smith's possession.

MISS ALICE IS SMILING AS SHE CONCEDES TODAY

Democrats Win in Nearly Every Election Held Tuesday; Majorities are Large Ones

MUSKOGEE.—Miss Alice M. Robertson, the only woman member of the 67th congress today conceded her defeat for re-election to W. W. Hastings. The man she displaced by the nation's tribunal in the republican landslide two years ago. Her face lighted by a wan smile, and her eyes sparkling with humor despite the trial of her campaign, Miss Alice radiated cheer to every visitor at her headquarters this morning.

"Miss Alice, are you ready to concede the election to Mr. Hastings?" she was asked.

In reply she held high a campaign placard. She laughed as she answered. "I am ready to concede the truth of the statement made so often in the campaign that the democrats controlled the governor, the militia and the election machinery—what more could they want?"

MILITARY BARRACKS ATTACKED BY IRISH

DUBLIN.—An attack with machine guns and rifles from nearby house-tops was made by Irish republican forces against the Wellington military barracks this afternoon. Three national army soldiers were killed and 20 others wounded in the fighting which lasted two hours. The casualties suffered by the republicans were not learned.

McAlester Plans Mardi Gras

McALESTER.—Under the auspices of the American Legion, the commercial club and civic clubs, a Mardi Gras day will be observed appropriately. The Mardi Gras and carnival spirit will prevail.

A parade of floats and decorated automobiles with soldiers, sailors, marines, boy and girl scouts and masqueraders at night will provide a spectacular entertainment.

South Again Welded by Democratic Ballot and Bolting States Returned

Ewing C. London Leads Bill Cardwell, Republican for Sheriff by 900 Majority With 29 Precincts in County Heard From; Whole Democratic Ticket in County Leads by Good Figure.

The democratic "solid south" once again is a reality as a result of ballots cast in yesterday's elections, on returns early today.

Led by Tennessee, where Gov. Alf A. Taylor, for many years a republican leader of his state, apparently has been defeated by Austin Peay and Cordell Hull, chairman of the democratic national committee, has regained his seat in congress, the democrats drove the republicans from the foothold the latter gained in 1920. The democrats increased their congressional representation from four to eight in the state, reducing their opponents from 5 to 2.

So complete was the democratic landslide, as indicated by available returns that the ninth district of Virginia, 22 years represented by republicans—was carried by George C. Peery over John J. Hassinger, republican nominee. This victory placed Virginia with Georgia, Alabama, Florida, South Carolina, North Carolina, Louisiana, Mississippi and Arkansas, as states sending solid democratic delegations to the national house.

Mrs. Lucy R. Patterson, republican, who opposed Congressman Charles M. Stedman in the fifth North Carolina district, was defeated by a large vote.

Democrats were victorious in each of the southern states, electing senators.

Local Returns Slow

With returns coming in slowly from rural boxes, the county election board will not be able to give out authentic figures before tomorrow, but enough unofficial figures have been gathered to show that the entire democratic ticket in the county will carry by approximately two to one with the possible exception of the sheriff's race.

From face of unofficial returns London's majority will probably reach between 1,500 and 2,000 on final count.

Carter Has Landslide

Carter for congress has a landslide in the third district, Jones his opponent apparently having carried but very few precincts, for District Judge Freeman and Logsdon will be elected both by handsome majorities.

The rest of the county ticket was a landslide, with no contest to speak of aside from the sheriff's race.

Walton's majority in the county will probably be 4,000 according to early returns, party leaders were confident of victory but expected no such stampede to the Farmer-Labor candidate as followed the opening of the polls yesterday.

Unofficial Count.

Twenty-five out of fifty-five precincts in the county, unofficial, give Walton 2,717, Fields 1,085.

Twenty-eight precincts give London for Sheriff, 2,585, Cardwell, 2,049. The election board expects to have the tabulation complete sometime tonight, but owing to the fact that some of the members were unable to be present this morning, the final count may be somewhat delayed in this county.

SMALL DAMAGE DONE TO ARMSTRONG STORE

Fire Chief McFall has concluded his investigation of the fire that did little damage at the E. M. Armstrong store, 261 F street, northeast at midnight Monday. He stated that loss would be less than \$25 to contents, and no loss to the building.

It developed that Armstrong carried \$1,600 insurance on his stock. McFall said, while the stock would not total more than \$150. Several sacks, soaked in kerosene oil, were found under a counter, he said.
